

REPUBLIC OF NAURU
Office of the Minister for Finance

Audited Financial Accounts for the Government of Nauru

It is with great pleasure that I, in my capacity as Minister for Finance, present the audited financial account statements for the Republic of Nauru. There has been a long gap since accounts were produced due to many issues. The Waqa Government continues to promote transparency and movement forward by Nauru to fulfilling its international commitments along with striving to international reporting and accounting standards.

We applaud and thank the Auditor General, the Department and his staff on their dedicated work with the Department of Finance make this achievement possible. The audited accounts going forward will be on a timely annual basis and added to the website as they become available once tabled in Parliament.

This is one of the many proactive measures the government continues to promote our small nation on the global forums. These achievements are required to ensure a solid base for the future growth of Nauru and the goals and needs of its citizens in future years.

Hon David Adeang, MP – Minister for Finance
